2023 Image Specification Requirements

Entry Criteria:

All photographs will be judged on the following criteria:

- Composition
- Technical ability
- Originality
- Interpretation of the theme

Images may be digitally enhanced to remove spots or scratches, but not manipulated.

Image Size:

Images must be of resolution sufficient for an 8 x 10 or 8 x 12 print, at a resolution 300 dpi (dots per inch)

- Format: JPEG or TIFF .
- We regret that we are unable to accept postal entries
- You can have up to 10 entries per person.

Suggested minimum resolution for an 8 x 10 would be 1600 x 2400 pixels (approx. 3.8 megapixels), for an 8 x 12 it would be 1600 x 3000 pixels (approx. 4.8 megapixels). Larger sizes are of course acceptable.

Images maybe cropped as long as the resulting image meets the size requirements listed above and fits a standard aspect ratio of 4:5, 3:4 or 2:3.

(For reference: 35mm film cameras and digital SLR's make images with a 2:3 aspect ratio)

How to name your file:
