

Join the **Classic Vehicle Group** for the:

NEW YEAR RUN
on Sunday 12th January 2025

So, once again, it's time to advise all of, not just the rapidly approaching Festive Season, but extending an invitation to, and 'inviting' / advising our Members of the planned super-active year of motoring that is planned. And we start with the New Year Run!

- Members & their families & Guests are invited to come along & join us on this first-motoring-event-of-the-year in their Classic, Modern or whatever you have!
- The 'Start venue' this year will be at Sheeplands Garden Centre, London Road, Hare Hatch, RG10 9HW.
- As always, this NYR will be a 'Tulip' Road-book event with a nice, easy-to-follow format, and a full 'briefing before the 'off'.....!
- The route will be planned using predominately some lesser-known 'B' & 'C' roads within the Thames Valley but, inevitably of course, some 'A' road use is unavoidable.
- The Entry Fee is just £50 for Boundless by CSMA Members, & £55 for Non-members, per car and two people..., (extra adult passengers are £12 each, and children under 16, are £6 each to cover the refreshment costs at the end of our event!) :
- A full range of teas, coffee's & breakfast items will be available from 9am for you to purchase at the Start (NOT included in the Entry fee!) but, as I've hinted(!), your Entry fee WILL INCLUDE tea/coffee and biscuits at the refreshment stop as well as a little sustenance at the finish venue. And, (by special request???) there may well possibly be a little ...err, shall we call it 'entertainment' (?) as well if you're very good !
- If you plan on having the 'optional' breakfast, you'll need to arrive by approximately 9:30 and Signing-On will 'open' at 9.45am;
- The 'briefing will be at approximately 10.45, & the first car will start as near to 11am as practical ...

I really look forward to having you along with us on 12th January when, hopefully, all will be well with the World, & we may have one or two nice little New Year 'surprises' for everybody !

In the meantime, please stay safe & healthy, and my very best Seasonal Good Wishes to you all! **AG**

SR5 – Programme and Order of Starting

Entry to the event is open on publication of these regulations.

The closing date for receipt of entries will be Monday 30th January 2024

The maximum number of entries is 30. The minimum number is 15. The organisers reserve the right to cancel the event should the minimum number not be met by the closing date.

Late entries may be accepted at the discretion of the organisers but would not be guaranteed a rally plate.

Entries will be acknowledged by email, telephone or letter.

Final instructions will be sent out approximately two weeks before the event.

Entrants who have not received them by the weekend preceding the event should notify the organisers.

If having entered, you are subsequently unable to participate, please let the organisers know as soon as possible so that your place can be offered to someone on the reserve list – thank you.

Signing-on and breakfast will be at Sheeplands Garden Centre from 9.30am until 10.45am.

There will be a short, drivers briefing at 10.45am.

Vehicles will be started at around one minute intervals to prevent bunching up, with the first departure at around 11.00am. Breakfast will be available from 9.30am, after signing on. Participants should aim to leave themselves sufficient time for this activity.

At the start, a rally plate will be provided (for fixing to the front of the vehicle) plus, a tulip road book, list of entrants and emergency phone numbers should you be delayed en-route, or experience problems during the day.

SR6 – Description and Vehicle Eligibility

The event is a Touring Assembly covering approximately 60 miles of sealed surface roads of all classes, chosen where possible for their scenic appeal and is open to all three or four wheeled passenger vehicles of any age.

All vehicles must be taxed, insured, roadworthy and, where appropriate, hold a current MOT certificate.

Maps are not essential as a **tulip road book** will be provided by the organisers. This will be a step-by-step series of instructions giving distances, in miles, which will enable the navigator to guide the driver along the route at each relevant road junction, and will give the accumulated mileages to each point. It will be made clear each time the trip meter should be zeroed. Points of interest and suggested stopping places will be included en-route.

A road atlas, (to a minimum scale of 4 miles to 1 inch) is however, recommended as it will give an overview of the complete journey.
